Dear Principal Hayes,

I am writing to inform you that we are providing your school with free books from the Library of Congress to continue to advance your school library. We all agree that reading is fundamental. I cannot think of another hobby that has influenced my life as much as reading has. I discovered my love of world history from reading at a young age and continue to read, as much as possible, in my spare time.

We hope these books enrich the lives of your students and inspire them to explore new ideas. Thank you so much for your dedication to teaching our children and improving our community!

Cordially,
